

Ignacio Smirlian

Frontend Developer

ABOUT ME:

Hi! My name is Ignacio, and I'm starting my professional IT path.

I'm a passionate Frontend developer dedicated to creating interactive web experiences, skilled in HTML, CSS, JavaScript, and React, among other technologies.

I like stepping out of my comfort zone in order to take up new challenges. I think of myself as a quick learner and a good team member. During all my different work experiences, I was able to prove to be a reliable, organized, and creative worker who is always willing to help their partners and go the extra mile to accomplish the team goals.
